Value Score 64 — **Value Score:** Our value score looks at EV/EBITDA, P/E, P/S, P/TB (Price/Tangible Book) and EPS Predictability. P/S and P/TB are compared within a sector. Other metrics are compared across all stocks

Quality Score 83 — **Quality Score:** Our quality score compares profitability and balance sheet metrics to find high quality companies using ROIC, Net Margin, Gross Margin, Interest Coverage, and Debt / Equity metrics.

Growth Score 82 — **Growth Score:** Our growth score looks at the 5 year history and the forward estimates for EBITDA, Sales, and EPS growth, ranking the best companies across all stocks.

Sentiment Score 41 — **Sentiment Score:** Our sentiment score finds stocks in favor by analyzing Short Interest, returns in key periods over the last year, Price vs. 52-wk High, Days Since 52-wk High and MACD signals.

BUSINESS SUMMARY

Honeywell traces its roots to 1885 with Albert Butz's firm, Butz Thermo-Electric Regulator, which produced a predecessor to the modern thermostat. Other inventions by Honeywell include biodegradable detergent and autopilot. Today, Honeywell is a global multi-industry behemoth with one of the largest installed bases of equipment. It operates through four business segments: aerospace technologies (37% of 2023 company revenue), industrial automation (29%), energy and sustainability solutions (17%), and building automation (17%). Recently, Honeywell has made several portfolio changes to focus on fewer end markets and align with a set of secular growth trends. The firm is working diligently to expand its installed base, deriving around 30% of its revenue from recurring aftermarket services.

Stock Report | July 19, 2025

Overall Rating vs. Peers **47**

Ratings scores are relative to industry groups. They compare key metrics to rank stocks vs. their competitors.
For example, higher growth than peers will score high even when the absolute growth is below the market average.

Growth vs Peers

WARNINGS

Name	Severity	Details
High Goodwill	Low	Goodwill %: 29.3%

Goodwill on a company's balance often results from over-paying to acquire other firms. A high percentage here can turn into impairment charges that weigh down future earnings for the company.

Name	Severity	Details
MACD Crossover	Low	MACD Crossover Days: 4; MACD Divergence: -0.48

The MACD indicator has turned negative in the past week. This is a bearish signal among technical traders.

Name	Severity	Details
GAAP Earnings vs. Pro Forma	Low	Official EPS: $2.22; Announced EPS: $2.51

The GAAP compliant earnings that the company filed with the SEC are less than the pro-forma earnings they announced to the press. Pro-forma earnings can exclude special one-time charges but some distressed companies post these "one-time" charges quarter after quarter.

REPORT TIPS

Metric Definitions

Metric descriptions are available at stockrover.com/help/metrics/metric-overview

Quantitative Scores

Our scores analytics is to offer our concise analysis of a stock in powerful, but easy to digest format. Each of the composite score metrics are designed to use the best available accounting practices as well as source data from SEC filings. The scores are computed for a company vs. the market as a whole.

Fair Value

Fair value performs a forecasted discounted cash flow analysis of a company to determine the company's intrinsic value based on the expected future cash flows the company will produce. It basically determines what a company is worth based on how much cash flow it is expected to generate for you in the future,
